

Each sound added to the Numa Compact with the Manager is automatically placed in the related Family Bank; thanks to the Drag&Drop function any sound can be moved to any position within its Bank.

In order to be able to select all new Sounds also via MIDI, each Sound has a specific Program Change and Bank Select, not overlapping any other Sound of the list, either Factory or User.

When possible the Program Changes are referred to the General MIDI Standard list, otherwise the Program Change and Bank Select are listed with specific logic.

USER SOUNDS

	SOUND NAME	MIDI BANK	PROGRAM CHANGE
AC.PIANO	JpnGrand	4	0
	GerGrand	5	0
	TheUpright	11	0
	TackPiano	12	0
